SUMMARY

Computer Science undergraduate with hands-on experience building and deploying backend systems. Skilled in Java, Spring Boot, REST APIs, and Spring Security as well as containerizing, automating, and monitoring those systems using Docker, Kubernetes, Jenkins, and AWS. Comfortable owning an application from code to production.

EDUCATION

B.Tech in Computer Science & Engineering (IoT & CSBT) | CGPA: 8.79 *Aug 2024 – Expected May 2027*
Annasaheb Dange College of Engineering & Technology (ADCET), Ashta, India

Diploma in Computer Science | Grade: 85.26% *Aug 2021 – Aug 2024*
Lathe Polytechnic, Sangli, India

SSC | Grade: 82.20% *Jun 2020 – Mar 2021*
St. Thomas English Medium School, Sangli, India

TECHNICAL SKILLS

- **Backend Development:** Java, Spring Boot, REST APIs
- **Databases & ORM:** MySQL,JPA/Hibernate
- **Frontend:** Javascript, React, HTML5, CSS3, Tailwind CSS
- **Testing:** JUnit, Mockito
- **DevOps & CI/CD:** Docker, Kubernetes, Jenkins, GitHub Actions, Argo CD (GitOps), NGINX
- **Cloud & Infrastructure:** AWS (IAM, EC2, S3, CloudFront), GCP (Fundamentals), Linux (Ubuntu)
- **DevSecOps & Monitoring:** SonarQube, Trivy, Prometheus, Grafana
- **Tools & Technologies:** Git, GitHub, Jira, Slack, Postman

WORK EXPERIENCE

Cloud Computing & DevOps Intern | MainCrafts Technology *June 2026 – July 2026 (Remote)*
- Deployed static websites on AWS S3 with CloudFront for secure, globally distributed content delivery.
- Containerized and deployed web applications using Docker, NGINX, Docker Hub, and AWS EC2.

Java Full Stack Intern | Rinex (Google for Education Partnership) *May 2025 – July 2025 (Remote)*
- Built a JWT-based authentication system with Spring Security, plus a forgot/reset password flow with OTP handling.
- Implemented RBAC with role and permission-based endpoint access control using Spring Security.

Web Development Intern | Itinium *June 2023 – July 2023 (Onsite)*
- Built a MERN-stack Job Portal with core frontend and backend components under mentor guidance.
- Debugged code and collaborated with the team using Git, following industry-standard workflows.

PROJECTS

PulseRelay — Distributed Notification Service (Ongoing)| Java, Spring Boot, PostgreSQL, Kafka, Redis, Docker **GitHub**
- Developing a centralized notification platform for reliable Email, SMS, and Push delivery through REST APIs.
- Designing idempotent processing, retry mechanisms with exponential backoff, and delivery tracking.
- Planning smart channel fallback, API-key authentication, rate limiting, and containerized deployment.

Job Portal – Cloud-Native Application | Docker, Jenkins, Kubernetes, Argo CD, SonarQube, Trivy, NGINX **GitHub**
- Developed a full-stack Job Portal with RBAC, Google OAuth, job management, and application tracking.
- Containerized frontend and backend with **Docker & NGINX**, reducing setup time from **30 minutes to under 5 minutes**.
- Automated **CI/CD** using **Jenkins, GitHub Webhooks, SonarQube, Trivy, Docker Hub, and Slack**.
- Implemented GitOps deployment using **Argo CD, Kubernetes, Prometheus, and Grafana**, with Ingress, StatefulSets & PVCs.

SecureOps AI – AI-Assisted DevSecOps Security Platform. | Java, Spring Boot, DevSecOps **GitHub**
- Developed Spring Boot REST APIs for project management, vulnerability assessment, report processing, and risk scoring.
- Integrated Jenkins and Trivy to automate Docker image scanning and enforce policy-based PASS/BLOCK security gates.
- Developed a React + TypeScript dashboard to visualize projects, security findings, scan reports, and security decisions.

ACHIEVEMENTS & CERTIFICATIONS

- **Backend Development:** Java, Spring Boot, REST APIs
- **Databases & ORM:** MySQL,JPA/Hibernate
- **Secured 1st Rank in E-Cell IIT Bombay's startup pitching competition** among 50+ ideas, qualifying for the Zonal Round
- **Won Best Presenter Award** (Software Category) and reached Finals at ADCET National Level Hackathon S3
- **Reached Finals at Vishwa Nova 2026 National Hackathon,** ranking among top teams out of 3,000+ participants
- **AWS Cloud Practitioner Essentials** – Amazon Web Services
- Oracle Java Explorer Badge **– Oracle University |** Assessment Score: 100%

EXTRACURRICULAR ACTIVITIES

- **Team Lead, VishwaNova Hackathon** — Led 5 members, delegated tasks, and managed timelines *Mar 2026*
- **Technical Speaker**, Coding Club — Conducted Git & Docker sessions for junior students *Feb 2024*
